Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Relationships are highlighted during this period, particularly with your personal and business partners. Right now you have the confidence to attract positive and beneficial partnerships. Of course if you are already in a committed business or personal association then you may need to make some changes to ensure that any union is rewarding. However, you are lucky indeed during this period. Anyone who signs a contract or is in partnership with you is likely to bring good fortune. If you are not already in a relationship, you may meet someone who has a positive effect on your life. It is through your close associations with other people that you are likely to grow and expand in health, wealth and happiness. You may also form a partnership with someone from a foreign land or a different cultural background. During this period you need to remain open to new possibilities of growth through partnership.

TRANSITING SATURN IN THE 4TH HOUSE - "The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious

planet. When this serious planet moves into the 4th House of your Birth Chart it is time to make sure that the foundations of your life are built on firm ground. This could literally mean renovating your house, or more metaphorically, spending time with your family and loved ones. Either way you benefit from reflecting on your personal life with a view to building firmer foundations for the future.

This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. In your case daily life is unpredictable and exciting at the moment. No matter how hard you try to introduce a regular routine, something or someone upsets the schedule. You would do better to go with the flow rather than resist the changes that are coming your way. You may also be attracted to an unusual pet.

TRANSITING NEPTUNE IN THE 4TH HOUSE - The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune moves through the 4th House of your Birth Chart life at home may at first be confusing and uncertain. It may be that domestic upsets are undermining your general confidence, making it difficult for you to function at work. It could also be that you lack the motivation to pursue your professional duties with your usual vigour. Ill health may feature in your life at the moment, either your own lack of vitality or a family member's. Rather than try to fight though the fog and lethargy, it is better to accept the limitations and to take some time at home to reflect on your life and how to restore the balance in the long-term. This is your opportunity to change your home and family in such a way that it truly offers you a safe and nurturing haven.

TRANSITING PLUTO IN THE 2ND HOUSE - Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Café Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Pluto is moving through the 2nd House of your Birth Chart indicating that possessions and money undergo big changes. This could be either a large increase or decrease in your income. Either way the area of personal finances is challenging you to reassess your values and your true worth. As a result you may feel impelled to make changes that more truly reflect what matters most to you in life.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

30 Mar 2024 and 5 Jun 2024 (16 Feb 2024 to 24 Jul 2024)

TRANSITING PLUTO CONJUNCTION RADIX VENUS - .Powerful Pluto is stirring up your relationship with people and with money as it combines with Venus. It's possible that love relationships are intense at the moment, and that this intensity is linked to money issues. If you are already in a relationship you may find that a crisis has sparked the intensity or it may be simply that feelings and thoughts that you have kept to yourself for a long time erupt to the surface. Rows over money, or money-related problems, may surface, even if you have never fought over finances before. On a more positive note, it's also possible that you and your partner are about to make a big investment and that you are excited to be experiencing a change of fortune. You may also experience a renewed sense of romance and sexuality during this transit. If you are not in a relationship a new and intense relationship may form. You feel a powerful attraction. Either way it is the right time for you to look deeply at your most intimate relationships and your skills in relationships with the view to transformation any of the negative patterns into positive aspects for growth. In other words you are learning about the process of love - how to love yourself and how to love others with a deep level of honesty and integrity. It is also possible that during this time you will undertake a creative project that demands intensity or that a business partnership undergoes dramatic changes. You may also be more focussed on monetary matters, either welcoming a large increase in income or becoming concerned about large debts. The end of this period heralds a time when partnerships and monetary matters gradually become more stable. This, of course, does depend on other astrological events during the year. You may also look back on this time, in later years, and see that it was a critical turning point in your marriage, business partnerships and/or money

TRANSITING SATURN TRINE RADIX PLUTO - This is a good time for creative work which reflects your deeply-felt needs. It can also be a time when you are insightful and appreciated for your wisdom. You may advance in some areas of your life as you have the ability to approach your tasks with a mix of discipline and compromise. You are a powerful force to be reckoned with.

TRANSITING CHIRON TRINE RADIX SUN - Ideally this is time for healing, for moving forward in ways that are more authentic than you have been in the past. You can become whole during this transit. If you already feel that you are whole and authentic then you now have opportunities to express yourself and help others. Chances are you discover hidden skills you never knew you possessed. A chance encounter could spark a

whole new field of learning ultimately providing a great source of healing. You have the opportunity to heal wounds, physical and/or emotional, and realign your identity with your true purpose. It is time forgive yourself any past wrongdoings, perhaps also to forgive others if this helps you recover a stronger sense of self. If necessary take time out from your responsibilities. Be kind to yourself. Pray, meditate or visit alternative healers. These self-care actions strengthen you now. They energise you in body and spirit.

TRANSITING JUPITER OPPOSITION RADIX ASCENDANT - The joy of being in relationship with other people is likely to surface during this stage of your life. You enjoy socialising with your loved ones, perhaps spending time delighting in their interests rather than your own. Even if you are introverted you are likely to want to spend more time with someone intimate. If you are married, then your love is bound to grow and flourish right now. You enjoy intimacy with your spouse and, in turn, your loved one responds positively. If you are not married then you may meet someone who has a beneficial effect. You may even decide to get engaged or married during this period. Gifts and appreciation flow in your most intimate relationship. Any potential business partnerships also support your goals right now. You are likely to strike up a mutually beneficial contract. Just make sure that you are not too ambitious in your goals. Sometimes this transit can highlight the problems, which exist in your relationship. These difficulties may be blown out of proportion and you would be wise not to make any hasty decisions. It is more likely that you experience a real sense of well being and happiness in your marriage, potential marriage or business partnership. So make the most of this positive phase and let those you love know how important they are to you.

TRANSITING JUPITER OPPOSITION RADIX MARS - You have plenty of drive and energy right now. This can be directed in to personal or work projects or perhaps a sport. You are keen to take the initiative and move ahead with your plans. Perhaps you have been planning to travel abroad or to study martial arts? On the other hand you may have been waiting for the go ahead on a special project or for a promotion at work. Now you receive the good news and are able to step into action. You are clear that you are heading in the right direction and feel confident of success. And it's true. You do have the drive and good fortune to achieve success during this stage. This is an excellent time to spend plenty of time and energy on your favourite project, with an assurance of reaping what you have sown. You may also enjoy channelling some of your energy into your favourite sporting activities. However, during this phase you are in danger of going over the top in your efforts to achieve your personal goals. You may jeopardise your success through impatience with yourself and others, thus alienating those who are in a position to support your goals. Perhaps you are having difficulty seeing things in perspective and fail to listen to those closest to you when they say that you are being a little rash and stubborn. You feel that you have put so much time and energy into certain areas of your life, and now others are threatening your success with their unnecessary pessimism. This may or may not be true. It is possible that others are threatened by your success; but it also may be that you need to slow down a little and exercise some restraint. The lesson is all things in moderation. You can achieve success during this stage, as long as you maintain your diplomatic skills.

TRANSITING JUPITER TRINE RADIX VENUS - Right now you are in a phase that favours all relationships. Fortune is smiling on you, particularly in the areas of romance and money. This is a wonderful time for romance. You are in love with life and your joy is contagious. If you are married, then your marriage is likely to flourish as you rekindle the flames of love. Make the most of this period by renewing your efforts to communicate with your spouse in a fun loving manner. If you are unmarried, then you may meet someone and fall in love. In fact you are likely to attract many favourable relationships, ranging from friendships to benefactors at work. You enjoy social occasions and others enjoy your company. You are in for some peaceful and happy moments. Therefore it is a good time to accept social invitations and take part in fun activities. Your finances are also likely to improve during this period. Investments may pay off. Influential people may bestow gifts. You need to make the most of the opportunities that arise during this phase without squandering your luck on ill-gotten gains or unappreciative friends and love interests.

TRANSITING URANUS OPPOSITION RADIX ASCENDANT - .Marriage and business partnerships undergo unexpected changes right now. If you are married then your spouse may change jobs or suddenly express a desire to move to a different location. This could challenge and excite you. It could also be a bit unsettling. Change prompted by your loved one could be a welcome change or a disruption to your routine. Either way you would do well to go with the flow rather than try to resist the alterations. If you are not married then you may meet a surprising and refreshing prospective partner. You would do well to enjoy this person without demanding a commitment. Wait until this phase has ended before making a commitment. Business partnerships are also subject to disruption. You may decide to go into business with someone or you could end a partnership during this phase. One thing is certain - important relationships are unpredictable. Allow whatever needs to come to life to express itself and see where life and your partner take you. If you try to ignore the signals then you are likely to find others wanting to break free of your influence. At the same time now is not the moment to be taking your intimate partner for granted or to be asking for commitment and reliability; rather it's a time for excitement and freedom in the relationship. If you loosen the reins of your expectations and ride the changes, you may experience newfound freedom with your loved one

TRANSITING URANUS OPPOSITION RADIX MARS - .Right now you are restless! Urges that you never knew you possessed are coming to the surface and refuse to be ignored. You feel like a "cat on a hot tin roof", as the saying goes. The more you have suppressed your natural instincts during your life so far, then the more agitated you are likely to feel during this phase. If you have been fortunate enough to express yourself freely during your lifetime then you may be less agitated, but still eager to let off some steam. It is also possibly that it is not you who is experiencing this restlessness, but someone close to you. It is most likely to be a man rather than a woman, who is testing your patience. Events and other people are likely to act in an unpredictable fashion threatening your usual sense of security. The combination of the two planets Uranus and Mars is a challenging one. The challenge is to find a positive outlet for the pent-up energy that surrounds you, either your own or someone else's. Participating in sports can be highly beneficial, however; it is vital that you avoid all daredevil sports during this phase. You are particularly accident-prone during this transit and should avoid taking unnecessary risks. Therefore you also need to take extra care when driving your car or heavy machinery. This can be a highly productive period of your life if you can exercise patience and understanding while finding a positive outlet to express yourself

TRANSITING JUPITER OPPOSITION RADIX SUN - Success is within your reach during this phase. You are reaching a culmination point in your life whereby you can achieve your goals and make a positive contribution to society. You want to expand your horizons and have the ability to do so. Financial and spiritual riches are within your grasp through your own efforts and through benefactors. You are keen to make the most of the doors that are opening. However, you need to be wary of a lack of discretion and restraint. It could be your own lack of discretion or it could be someone else in your life. Either way excesses are to be avoided. Currently you feel tempted to pursue your goals no matter what the cost to yourself or your loved ones. It would be better if you could use this time to pursue your own goals, waiting patiently for things to run their own course. Opportunities will come and you will be able to take advantage of them in good time, without having to force matters. Opportunities could be connected to a religious, philosophical or philanthropic activity, or to travel or study plans. The lesson is to show temperance for the time being. "All good things come to those who wait," could be a timely motto.

TRANSITING URANUS OPPOSITION RADIX ASCENDANT - .Marriage and business partnerships undergo unexpected changes right now. If you are married then your spouse may change jobs or suddenly express a desire to move to a different location. This could challenge and excite you. It could also be a bit unsettling. Change prompted by your loved one could be a welcome change or a disruption to your routine. Either way you would do well to go with the flow rather than try to resist the alterations. If you are not married then you may meet a surprising and refreshing prospective partner. You would do well to enjoy this person without demanding a commitment. Wait until this phase has ended before making a commitment. Business partnerships are also subject to disruption. You may decide to go into business with someone or you could end a partnership during this phase. One thing is certain - important relationships are unpredictable. Allow whatever needs to come to life to express itself and see where life and your partner take you. If you try to ignore the signals then you are likely to find others wanting to break free of your influence. At the same time now is not the moment to be taking your intimate partner for granted or to be asking for commitment and reliability; rather it's a time for excitement and freedom in the relationship. If you loosen the reins of your expectations and ride the changes, you may experience newfound freedom with your loved one

TRANSITING PLUTO CONJUNCTION RADIX VENUS - .Powerful Pluto is stirring up your relationship with people and with money as it combines with Venus. It's possible that love relationships are intense at the moment, and that this intensity is linked to money issues. If you are already in a relationship you may find that a crisis has sparked the intensity or it may be simply that feelings and thoughts that you have kept to yourself for a long time erupt to the surface. Rows over money, or money-related problems, may surface, even if you have never fought over finances before. On a more positive note, it's also possible that you and your partner are about to make a big investment and that you are excited to be experiencing a change of fortune. You may also experience a renewed sense of romance and sexuality during this transit. If you are not in a relationship a new and intense relationship may form. You feel a powerful attraction. Either way it is the right time for you to look deeply at your most intimate relationships and your skills in relationships with the view to transformation any of the negative patterns into positive aspects for growth. In other words you are learning about the process of love - how to love yourself and how to love others with a deep level of honesty and integrity. It is also possible that during this time you will undertake a creative project that demands intensity or that a business partnership undergoes dramatic changes. You may also be more focussed on monetary matters, either welcoming a large increase in income or becoming concerned about large debts. The end of this period heralds a time when partnerships and monetary matters gradually become more stable. This, of course, does depend on other astrological events during the year. You may also look back on this time, in later years, and see that it was a critical turning point in your marriage, business partnerships and/or money

6 Mar 2025 (26 Feb 2025 to 14 Mar 2025)

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

TRANSITING NEPTUNE SQUARE RADIX MOON - .You are currently undergoing a time of emotional tension, particularly in your domestic life. Relationships with loved ones at home, with mother or with women friends, are dominated by emotional upsets. You are unsure sometimes what is causing the upsets. It is almost as if a fog has temporarily descended and it is true that you may not be seeing things clearly. It is best to seek the advice of an objective friend, someone who will help prevent you from taking everything personally. Although your intuition is heightened, you are easily upset and may be feeling emotional insecure. This time can be associated with grief and loss. The best way to handle this transit is to avoid taking on extra responsibilities, to rest and nurture yourself. You will have greater insight at the end

TRANSITING URANUS OPPOSITION RADIX MARS - .Right now you are restless! Urges that you never knew you possessed are coming to the surface and refuse to be ignored. You feel like a "cat on a hot tin roof", as the saying goes. The more you have suppressed your natural instincts during your life so far, then the more agitated you are likely to feel during this phase. If you have been fortunate enough to express yourself freely during your lifetime then you may be less agitated, but still eager to let off some steam. It is also possibly that it is not you who is experiencing this restlessness, but someone close to you. It is most likely to be a man rather than a woman, who is testing your patience. Events and other people are likely to act in an unpredictable fashion threatening your usual sense of security. The combination of the two planets Uranus and Mars is a challenging one. The challenge is to find a positive outlet for the pent-up energy that surrounds you, either your own or someone else's. Participating in sports can be highly beneficial, however; it is vital that you avoid all daredevil sports during this phase. You are particularly accident-prone during this transit and should avoid taking unnecessary risks. Therefore you also need to take extra care when driving your car or heavy machinery. This can be a highly productive period of your life if you can exercise patience and understanding while finding a positive outlet to express yourself
